CBCIL*Connect Project

Virtual Learning, Advocacy, and Peer Support for those with Disabilities

CBCIL*Connect is a new Project providing virtual online opportunities for individuals with disabilities to engage with CBCIL's Assistive Technology Demonstration Center, Independent Living Services and programs, and with each other. Individuals with disabilities can thrive with opportunities available through technology and virtual supports.

CBCIL*Connect will meet virtually (online) via Zoom on the last Thursday of the month for information and conversation on housing, transportation, voting and advocacy. Learn how to use and maintain technology while living in our new virtual world!

First meeting will be held on January 28, 2021 at 3:00 pm
